Program Overview

Each fall, the University of Arizona Center for the Study of Higher Education faculty admits 15-25 new master’s students to the program. The academic program offers students a blend of theoretical, research-based, and practical coursework to understand the system of higher education. Students will develop knowledge, skills, and awareness that will prepare them to be effective and progressive professionals. This program is enhanced by close relationships with university colleagues across campus. Students may pursue their MA part-time or as part of a full-time cohort.

Academic Program Requirements

For all students enrolled both full- and part-time, the minimum credit requirement to complete the MA is 36 semester hours, of which not more than six credits may be transferred in from other institutions. Not less than 12 credits must be earned on the University campus in Tucson (i.e., some coursework may be taken at other locations where University of Arizona courses are offered). All work applied for the degree must be completed within 6 years, with some latitude possible by petition to the Graduate College. Please discuss any questions about coursework and credit with your academic advisor, Dr. Whitney Mohr.

Academic Advisor

Dr. Whitney Mohr will serve as the academic advisor for all students in the cohort and will advise on curricular or program-related questions. You are welcome to call, email or schedule meetings with her any time.

Dr. Mohr can be reached at 520-626-0427 or wmoehr@arizona.edu.

Professional Advisors

Every master’s student will be assigned a professional advisor who works on campus. Your professional advisor can offer practical advice, and share perspective on professional development, internships, job searching and other campus dynamics. We encourage building relationships with your professional advisor by grabbing coffee or lunch or perhaps asking to visit their office and talk about their jobs and career. There may be additional times when we utilize your advisors to assist in our professional development opportunities.

Student Community

We encourage you to become involved with the Higher Education Student Organization (HESO) to plan social and academic events for students.

The Center has an active Facebook page. Please join us at: Center for the Study of Higher Education at the University of Arizona to learn more about students, faculty, alumni, and events.

UA’s Graduate and Professional Student Council (GPSC) advocates for graduate students on campus and supports community building.
Pursuing the Program Part-Time

- Many students pursue the MA program part-time and take classes as their schedules permit.
- These students are typically employed at the University and use their qualified tuition remission (QTR) benefits to cover the cost of tuition.
- QTR can be applied to summer session courses and many part-time students utilize this option to continue making progress on their degree all year.
- Because only full-time students are eligible for graduate assistantships, part-time students cannot procure GA positions.
- The only changes to the academic program are as follows:
  - The following classes are NOT required for part-time students, but may be taken as electives:
    - HED 617 – Introduction to Student Services
    - HED 627 – MA Capstone
    - HED 693 – MA Internship

Pursuing the Program Full-Time

Distinguishing Characteristics of the Cohort

- Full-time students are enrolled into a cohort each fall.
- Students are enrolled in the program as full-time students (on average, 3 classes/semester).
- Students plan to complete the program in four semesters.
- Students will take all required courses together and follow the curriculum outlined in this document, including certain classes that offer unique perspective on the student affairs profession.
  - HED 617 – Introduction to Student Services
  - HED 627 – MA Capstone
  - HED 693 – MA Internship

Graduate Assistantships

While Graduate Assistantships (GA) positions are not required, they are strongly encouraged. The Center facilitates an interview weekend a month or two after admission to support you in procuring an assistantship. We invite newly admitted students to campus to meet with students, faculty and alumni. We also arrange interviews for available GA positions. While we do not make hiring decisions, we work closely with campus employers to ensure that successful HED MA students are offered GA positions. The dates and details for this event change annually and are communicated in January to newly admitted students to the HED MA cohort.

Most GA positions are one-year appointments at .50 FTE and provide a tuition remission and stipend. The details of each GA position should be negotiated with the hiring departments and questions about tuition remission and insurance should be directed to the Graduate College.
Internships

One internship is required for completion of the MA program. For those students in the MA cohort, it is expected that you complete your internship in your third semester. Students will be assigned an internship through an interactive, matching process in the spring of their second semester. Students will enroll in HED 693 and receive three credits for their internship plus corresponding internships course. The class is designed to encourage reflection and dialogue on the professional dynamics experienced in individual internships. Additionally, the class will provide an emphasis on tools for job searching and ongoing professional development. **Note: HED 693 has a pull-down option and you must select three credits.**

Students are encouraged to do additional internship work and may receive up to one credit for an additional internship.

Course Requirements

The courses listed are required. 36 total credits are required for degree completion. Six units of elective credit may be taken outside of the College of Education. Additional credits must be approved by your academic advisor.

Overview of the Core Curriculum

**Semester 1**

**HED 610 (History of Higher Education)** provides a grounding in and a critical analytical approach to understanding the historical and philosophical foundations of postsecondary education and student affairs.

**HED 617 (Student Personnel Services in Higher Education)** introduces students to the profession and contemporary practice of Student Personnel Services, or Student Affairs, and the many ways Student Affairs contributes to the college/university experience. Students explore a variety of functional areas in Student Affairs, often by meeting directly with senior professionals to discuss guiding research, emerging trends, and practical tensions. Students will have opportunities to apply what they learn to assignments such as professional interviews and interprofessional case studies.

**EDL 622 (Research & Data-Based Decision Making)** currently fulfills the “Introduction to Educational Research” requirement offers an introduction to educational research, including a focus on quantitative, qualitative, and mixed methods research, including how to how to search for, read, sift through, implement educational research, and then
apply that research to practice. The class serves as a gateway course to future methods work (e.g., methods electives) for students who choose to pursue further methods classes to enhance those skills.

**Semester 2**

**HED 608** (The College Student) entails the history and characteristics of the college student and their interactions with campus environmental influences as well as developmental and normative trends.

**HED 609** (Organization and Administration in Higher Education) covers organizational theory, structures, systems, and administrative procedures in varied higher education institutions, including patterns of governance and policy development.

**Semester 3**

**HED 624** (Advising and Supervision) guides students in thinking about the work they will do when they graduate and become practitioners by integrating some of the newer, critically based literature being written regarding advising and supervision along with other valuable best practices.

Pairing this course with **HED 693** (Internship) gives students a chance to do praxis work across courses during their third semester of coursework.

**Semester 4**

**HED 627** (Capstone: Contemporary Issues in Student Affairs) encourages the development of a portfolio assignment. Portfolios have a strong base in extant literature—including in Higher Education Studies—for aiding student learning and development through ongoing self-reflection. A portfolio provides an important space for critical consciousness raising, especially as students move into or continue their careers as student affairs educators. Among other components, this assignment encourages students to select artifacts that demonstrate their having achieved program learning outcomes and competency areas in alignment with ACPA and NASPA as the overarching professional associations for student affairs educators. Developing a portfolio involves the final stage in a process that is highly reflective and iterative as students move through their four semesters, focusing on the following questions:

- How have I grown intrapersonally because of being in the master’s program?
- How have I grown interpersonally because of being in the master’s program?
- How have I grown cognitively because of being in the master’s program?

Specifically, the faculty instructing the sequence of courses listed below move students through the following reflections, in consultation with their professional mentors:

- For HED 617: What is my emerging philosophy of education as a student affairs educator?
- For HED 608: What are ways I can continue to invest in my own growth and development alongside the students and staff I will work with as a student affairs educator?
- For HED 693: How has my praxis as a student affairs educator been re/shaped, challenged, and/or deepened because of my internship this semester?
- For HED 627: How do I want to move into my new role as an educator given all I have learned and experienced in the Higher Education master’s program?
  - In students’ final semester, they are asked to integrate all this reflective work into their portfolio in order to begin crafting an action plan for how they will embody the role of student affairs educator in their professional position.

*A note on Electives*

Four electives are required:
• Two electives focused on social justice topics;
• One elective focused on methods; and
• One open elective, to be used as each individual student sees fit.

Transfer Credits
Students may transfer in no more than six academic credits to apply toward the MA degree. Transfer courses must be approved by the student’s academic advisor. Students are encouraged to discuss transfer credits with their advisors as soon as possible. Once approved, the student should complete the Evaluation of Transfer Credit form on UAccess Student – Grad Path.

Summer Session
Students are welcome to take summer courses in consultation with their academic advisor. Summer session courses are not covered under the tuition remission package associated with a GA position.

Required Forms
All forms can be found in UAccess Student - Grad Path and must be routed electronically for approval by your advisor.

The following forms must be completed before graduation:

1. Responsible Conduct of Research Form
2. Evaluation of Transfer Credit (only if using external transfer courses)
3. Master's/Specialist Plan of Study
4. Master's/Specialist Committee Appointment Form
5. Master's/Specialist Completion Confirmation Form
6. Exit survey

Completing Grad Path

Here are some screenshots to aid you in completing the necessary forms for Grad Path. You can (and should) create a plan of study early in your academic program. During your program, you can add and delete classes as you change your plan.

Step One

You can find your GradPath forms by visiting the student section of UAccess. Visit the drop-down tab at the bottom of the Academics section, select GradPath Form, and then press the arrow.
Step Two

The second step is to review the information here. There are information and deadlines with which it might be helpful to familiarize yourself. Once ready, you can click on GradPath Forms, shown here circled in red.

Step Three

When ready you can go to the area circled in red and click on Create New. As mentioned, you should complete the plan of study early but will have the ability to click on modify to update it later if you want/need to.
Step Four – Completed Plan of Study Example

If you have any questions or you would like assistance in completing your forms, please contact Whitney Mohr (wmohr@email.arizona.edu) to set up an appointment.
UA Resources

UAccess

UAccess is the UA system students use to enroll in courses and access their Bursar account and all required University forms. It is crucial to monitor your account to keep up with tuition payments and miscellaneous fees (CatCard, printing, etc.). [https://uaccess.arizona.edu/](https://uaccess.arizona.edu/)

Desire 2 Learn (D2L)

D2L is the learning management system students use to access all course content (syllabi, readings, assignments, etc.) for their classes. Students’ D2L login is the same as their UAccess login. [D2L Help Page](https://uaccess.arizona.edu/)

CatCard

A CatCard is your UA identification card. Students can use CatCards for meal plans, campus purchases, printing charges, admission to some University events, building access, and more. It is important to get your CatCard as soon as possible. The cost is $25 for your first card (employees receive their first card free). The CatCard office is located in the lower level of the Student Union across from Wells Fargo. [https://catcard.arizona.edu/](https://catcard.arizona.edu/)

Counseling and Psych Services (CAPS)

CAPS offers psychological counselling and psychiatric services to students. License professional provide brief treatment for anxiety, depression, difficulties with relationships, family problems, food/body image concerns, alcohol and drug concerns, ADHD, life crises, and other issues.

Call (520) 621-3334 to make an appointment. Walk-in consultation is available Monday-Friday, 9AM-4PM.

Disability Resource Center (DRC)

The DRC is the department designated by the University to ensure an accessible experience on campus. Graduate students are welcome to affiliate with DRC to request accommodations and explore available resources.

The DRC houses the Disability Cultural Center (DCC). The DCC is a space for students, faculty and staff to explore and celebrate disability identity, culture and community. DCC offers a variety of events and programming that promote an authentic and intersectional perspective on disability. The DCC is located on the second floor of the Disability Resource Center in Highland Commons D217.
Frequently Asked Questions

1. **What sets UA’s Higher Ed Master’s program apart from others?**

UA’s program offers students a blend of theoretical and practical academic experiences. Students will learn about student affairs and administration in the larger context of higher education. Our faculty prioritizes social justice, access, and equity and reflects these values in research and teaching. The master’s program also benefits from a strong relationship with the rest of campus. Students complete internships in the Division and are assigned professional advisors to help navigate job searching and professional associations among other things.

2. **What does one do with a Master’s degree in Higher Education?**

A Master’s degree in Higher Education prepares you for a variety of professional and academic roles. Most students, upon graduation, work on a college or university campus doing direct service with students in advising, housing, student activities, multicultural affairs, etc. Students may also go on to pursue doctoral work with the ultimate goal of a faculty or administration position. This degree does not necessarily prepare students for college-level teaching or K-12 administration.

3. **Is this program designed for students who work full-time?**

The student affairs cohort is designed for full-time graduate students, to be completed in four semesters. There is another MA option for students who cannot enroll full-time and/or are not interested in an academic focus on student affairs. These students will not be enrolled into the Cohort. While they must complete 36 credits and either successfully pass comprehensive exams or defend a thesis, they are not required to complete an internship or to take HED 627 – MA Capstone. These six credits will be taken as electives.

4. **Can I apply for admission into the student affairs cohort in the spring?**

No. Admission into the student affairs cohort is fall-only, to facilitate a common curricular experience.

5. **Can I apply transfer credit to my program?**

Students may transfer in no more than six academic credits to apply toward the MA degree. Transfer courses must be approved by the student’s academic advisor. Students are encouraged to discuss transfer credits with their advisors as soon as possible. Once approved, the student should complete the Evaluation of Transfer Credit form on UAccess Student – Grad Path.
6. **When will I be assigned an academic advisor?**

Dr. Whitney Mohr will serve as the academic advisor for all MA students. Students in the MA cohort are also assigned a professional advisor employed on campus in Student Affairs. These assignments will be communicated via email during the summer prior to your first semester.

7. **When should I complete my required internship?**

You are encouraged to complete your internship in your third semester. Whitney Mohr will facilitate a process to identify options and match you.

8. **What if I do not receive a graduate assistantship (GA)?**

While we always hope to match each student with a GA position, if you do not, it’s OK! You can continue to apply for GA positions that become available. You may also consider completing additional internships to build your resume and make professional connections.

9. **I am having trouble registering for/enrolling in classes?**

With questions or difficulties related to enrollment, please contact Diana Peel at dpeel@arizona.edu.

10. **Where can I find a list of resources for Educational Policy Studies and Practice graduate students, including information on funding sources, Grad Path, and University or College policies?**

Please visit this site for a variety of academic and University resources: [https://www.coe.arizona.edu/epsp/gradresources](https://www.coe.arizona.edu/epsp/gradresources)
Faculty Information

Dr. Whitney Mohr

- Director, Higher Education MA Program
- Assistant Professor of Practice for Higher Education

Dr. Mohr is originally from Coralville, IA, but started her journey as a Wildcat in 2007, when she came to campus as an undergrad. Dr. Mohr earned a B.A. in Religious Studies from the University of Arizona and her M.A. and Ph.D. in Higher Education from this program! Dr. Mohr loves all things student affairs and has held numerous positions on various campuses across the country. Dr. Mohr, started in Housing and has since transitioned professionally to work in Equity, Policy, and Title IX. Currently in addition to the work that Dr. Mohr does recruiting, advising, and supporting HED MA students, she works as an Investigator with the University’s Office of Institutional Equity. Dr. Mohr’s research focuses on the experiences of students with chronic illness in higher education settings.

Dr. Gary Rhoades

- Interim Department Head, Education Policy Studies & Practice
- Professor of Higher Education

Professor Rhoades has been a faculty member at the Center for the Study of Higher Education since August 1986. From 2009-2011 he took a leave of absence from the UA to serve as the General Secretary of the American Association of University Professors. Rhoades' scholarship focuses on the restructuring of academic institutions and of professions in the academy, as well as on comparative higher education studies of university strategic planning and marketing. In addition to his books, Managed professionals: Unionized faculty and restructuring academic labor (1998, SUNY Press), and Academic capitalism and the new economy (with Sheila Slaughter, 2004, Johns Hopkins University Press), Rhoades is now working on finishing an update and expansion of his 1998 book, to be entitled, Organizing "professionals": Academic employees negotiating a new academy.

Dr. Nolan Cabrera

- Professor of Higher Education
- Associate Professor, American Indian Studies-GIDP
- Associate Professor, Social / Cultural / Critical Theory - GIDP

Dr. Nolan L. Cabrera is an Associate Professor in the Center for the Study of Higher Education at the University of Arizona, and was the only academic featured in the MTV documentary White People. His new book, White Guys
on Campus, is a deep exploration of White male racism, and occasional anti-racism, on college campuses – a text Jeff Chang (author of We Gon’ Be Alright) described as “A timely, provocative, even hopeful book.” Dr. Cabrera is also one of three academic expert witnesses for the plaintiffs in Tucson Unified Mexican American Studies case (Gonzalez v. Douglas). He is a recipient of the prestigious education early career award, the Spencer/National Academy of Education postdoctoral fellowship. Dr. Cabrera's publications have appeared in the leading education and higher education journals such as American Educational Research Journal,

Teachers College Record, Review of Higher Education, Journal of College Student Development, and Research in Higher Education, and his work has been used extensively in education, policy, and legal environments. Dr. Cabrera is a UA College of Education Erasmus Scholar, Emerging Scholar for the American College Personnel Association, Faculty Affiliate with UT Austin's Project M.A.L.E.S., and Faculty Fellow for the American Association for Hispanics in Higher Education. He completed his graduate work at UCLA in Higher Education & Organizational Change and Dr. Cabrera earned his BA from Stanford University in Comparative Studies in Race and Ethnicity (Education focus). He is a former Director of a Boys & Girls Club in the San Francisco Bay Area, and is originally from McMinnville, Oregon.

**Dr. Regina Deil-Amen**

- Associate Dean of Faculty Affairs
- Professor of Higher Education & Sociology, Education Policy Studies & Practice

Dr. Regina Deil-Amen is a Professor at the Center for the Study of Higher Education in University of Arizona’s College of Education. She is an expert on qualitative research methods, engaging ‘micro’ experiences embedded in institutional contexts as a prism for revealing and understanding the relevance of larger ‘macro’ structures. Dr. Deil-Amen received her Ph.D. in sociology from Northwestern University, where she directed a multi-site case study of how community colleges and private occupational (career/technical) colleges differentially structure institutional procedures to prepare students for sub-baccalaureate careers. Her co-authored book, After Admission: From College Access to College Success, details the findings of that project. Generally, Regina’s research has focused on college student aspirations, decision-making, social networks, intersections with organizational contexts, persistence, inequality, and opportunities in two-year public and for-profit colleges and broad access universities, with a particular focus on lower-income students, non-traditional, and racially minoritized underserved students. Professor Deil-Amen’s most recent work involves funding from the National Science Foundation to award scholarships and implement a range of inclusive, asset-based, and career-relevant mentoring and academic support to Pell-eligible students transferring from a Hispanic Serving community college into university STEM majors.
Dr. Heather Haeger

- Assistant Professor of Practice, Educational Policy Studies and Practice
- Member of the Graduate Faculty

Dr. Haeger is the Research Director for the Science, Technology, Engineering, or Mathematics (STEM) Learning Center and an Assistant Professor in Educational Policy Studies and Practice. Her research is focused on equity in educational practices and barriers to full participation in STEM education. Her research is used to inform programmatic interventions aimed at engaging students that have been traditionally marginalized in higher education and creating more inclusive and culturally responsive STEM learning environments.

Dr. Jamaica Delmar

- Assistant Professor of Practice, Educational Policy Studies and Practice
- Member of the Graduate Faculty

Born and raised in Minnesota, Jamaica DelMar Ed.D. defines herself first as a mom, wife, daughter, and friend. She has worked in higher education for 12 years, and previous positions at other institutions include Registrar, Assistant Registrar, Adjunct Faculty, and Academic Advisor at various institutions within the MN State Colleges and Universities System. She is a longtime volunteer at organizations serving homeless families. Jamaica’s work as an empowerment facilitator with the Jeremiah Program led her to her interests in mentoring students regarding their college goals and taking an activist and innovative approach to service, teaching, and research in a way that drives her commitment to and passion for leading Project SOAR. Her research interests include examining college access through an intersectional lens, particularly for populations such as first-generation college students, those from low socioeconomic backgrounds, students of color, students with mental health issues, or students caring for children. Her dissertation was entitled, “A Phenomenological Inquiry into the Perceptions of Single Mother College Students.”

Dr. Amanda Kraus

- Assistant Vice President for Campus Life
- Executive Director for Disability Resources and ADA/504 Compliance Officer
- Executive Director for Housing & Residential Life
- Assistant Professor of Practice for Higher Education

Dr. Amanda Kraus has lived in Tucson, AZ and worked at the University of Arizona for over fifteen years. She earned her B.A. at Carnegie Mellon University in Pittsburgh, PA and her M.A. and Ph. D. in Higher Education from this program! Dr. Kraus currently serves as Assistant Vice President for Campus Life as well as Executive Director of UA’s Disability Resource Center (DRC). The DRC is regarded as a model for progressive
services and programming. Dr. Kraus studies disability identity, disability dynamics in student affairs and higher education, and ableist biases and microaggressions. Through her research and teaching, she challenges the dominant deficit or tragedy narrative on disability and promotes models and tools to increase access and equity and ultimately reframe concepts of difference in higher education. She is a sought-after speaker and regularly travels to colleges and universities around the country and internationally. Dr. Kraus is currently President of the Association on Higher Education and Disability (AHEAD).

**Dr. Jenny Lee**

- Professor of Higher Education
- Arizona International Interim VP and Dean

Jenny J. Lee is a professor at the Center for the Study of Higher Education at the University of Arizona. Professor Lee's research examines how policies, geopolitics, and social forces shape inequities in higher education, in the US and abroad. Her comparative research on international student mobility and experiences in the U.S., Mexico, South Korea, and South Africa over the past decade have especially been cited widely. Nature, Science, the New York Times, ABC News, Al Jazeera, and many other news outlets have quoted Professor Lee and featured her research. Her latest work focuses on the geopolitics of global science, which will be featured in her forthcoming edited book, “U.S. Power in International Higher Education,” to be published by Rutgers University Press during 2021.

**Dr. Jameson David (J.D.) Lopez**

- Associate Professor of Higher Education

Dr. J. D. Lopez is an enrolled member of the Quechan tribe located in Fort Yuma, California. He currently serves as an Associate Professor in the Center for the Study of Higher Education at the University of Arizona. He studies Native American education using Indigenous statistics and has expertise in the limitations of collecting and applying quantitative results to Indigenous populations. He carries unique experiences to his research that include a 2010 deployment to Iraq as a platoon leader where he received a bronze star medal for actions in a combat zone. As an Indigenous quantitative researcher with expertise in the limitations of collecting and applying quantitative results to Native American populations, he tends to examine research through tribal critical race theory which contends governmental policies toward Native American focus on the problematic goal of assimilation. This challenge often results in relatively low numbers of Native American voices in comparison to dominant culture voices in quantitative research but can be overcome through increasing Native American participation in academic and policy discourse, and including Native American voices in quantitative research through Indigenous statistics.
Dr. Judy Marquez Kiyama serves as the Associate Vice Provost, Faculty Development within the Office of Faculty Affairs. In this role she implements efforts that further the aims of the University of Arizona to excel in its Hispanic Serving Institution (HSI) designation through increasing institutional capacity among faculty. This includes developing equity-focused recruitment, hiring, and retention practices; and developing faculty capacity in research, teaching and curriculum, and service.

As a community-engaged scholar, her research examines the structures that shape educational opportunities for minoritized groups to better understand the collective knowledge and resources drawn upon to confront, negotiate, and (re)shape such structures. Working alongside Latinx/o/a families and communities are at the core of her research efforts. She grounds her work in community knowledge and organizes her research in three interconnected areas: the role of parents and families; equity and power in educational research; and minoritized groups as collective networks of change. As a first-generation, Mexican American college student, she draws on her own experiences with her family to connect with the sources of support that first-generation, families of color offer their students in the transition to college. Her numerous publications focus on equity and inclusion efforts to better serve minoritized students, and their families and communities, including her most recent book: Funds of Knowledge in Higher Education: Honoring Students’ Cultural Experiences and Resources as Strengths.

Dr. Z Nicolazzo

As an Associate Professor of Trans* Studies in Education at the Center for the Study of Higher Education and a member of the Transgender Studies Research Cluster at the University of Arizona. She earned her Ph.D. in Student Affairs in Higher Education at Miami University (OH), and formerly worked in various functional areas in student affairs, including residence life, sexual violence prevention programming, and student activities at multiple institutions across the United States. Dr. Nicolazzo’s current research focuses on how transgender students use the internet to explore who they are and can be(come). Dr. Nicolazzo has taught HED 642: Gender & Education, HED 608: The College Student, and HED 696: Activism in Higher Education. She teaches from a critical perspective that centers collective visions for the futures we need rather than the ones we may be able to get through compromise and educational reform. Her pedagogy is consistent with the Learning Partnerships Model (LPM; Baxter Magolda & King 2004), which centers on the three main principles of validating students as knowers, situating learning in student experiences, and defining learning as a process of mutually constructing meaning.
Moira Ozias' research focuses on equity in higher education practice, especially investigating white women’s racism and processes for creating educational spaces and curricula that resist racism and work toward racial justice. She uses critical whiteness, gender, and affect theories to understand how college experiences support and resist white women’s affective and spatial investments in white supremacy.

Ozias grew up in the rural Midwest in a family of teachers and farmers, and her background in social work informs her interest in community collaborations. She earned a BA in English from Baker University (Kansas), an MA in English and MSW (Social Welfare) from the University of Kansas, and a PhD in Adult & Higher Education from the University of Oklahoma. Prior to joining the University of Arizona faculty, Ozias taught College Student Affairs Leadership at Grand Valley State University, Student Affairs Administration at the University of Wisconsin-La Crosse, and spent over 15 years working in higher education administration at the University of Oklahoma and the University of Kansas. She also serves as Director of Research and Scholarship for ACPA (2019-2022).

Dr. Karina Salazar

Karina Salazar is an assistant professor in the Center for the Study of Higher Education. Her research program analyzes whether the enrollment management practices of public universities undermine access for underserved student populations. Salazar is co-principal investigator of the Enrollment Management, Recruiting, and Access (https://emraresearch.org/) research project, which investigates the recruiting practices of colleges and universities. This work has been featured by The New York Times, NPR, CNN, Inside Higher Ed, The Chronicle of Higher Education, and U.S. News & World Report. She was also designated a 2019 Forbes “College Admission Influencer” in the researcher and activist category. Salazar is a local Tucsonan and proud graduate of Sunnyside High School. She completed her graduate work at the University of Arizona where her research was funded by the American Educational Research Association.
