What other information should intern candidates know about your district or internship experience that is not listed here? Sunnyside is a Title 1 district indicating that a majority of our families have economic challenges such that they qualify for free and reduced lunch. A majority of the students in our schools are from minority families. Internship experiences will be diverse and likely to be challenging. Our psychologist group is very supporting and works collaboratively which creates a warm and open-minded working environment.

Are there at least two licensed doctoral psychologists on staff in the event that a doctoral candidate wishes to receive supervision consistent with a future pursuit of licensure: Yes

Do you require students to apply to the district ahead of time: No

If so please provide directions for students on where to apply (physical address/email address/website) and what portfolio materials to submit: Applications prior to an internship interview are not required but are strongly encouraged. Please visit the district website at susd12.org and complete the application under the Careers tab.
