

The COE Diversity Committee and the TLS Equity Committee invite all college staff, students, and faculty to the ****Gender and Racial Toolkit Workshop!**

****Part of the *Advancing Justice Through DEI* Series presented by the COE Diversity Committee**

The goals are to introduce Dr. Z Nicolazzo's work and reflect on ways to apply it to our own professional lives in and out of the classroom.

- How do we re-distribute resources to create more equitable work environments?
- How does our work and teaching humanize those we interact with at the college?
- Who is centered in our professional interactions?
- How can our professional interactions dismantle dominant narratives and practices surrounding whiteness, ableism, cisgenderism, and misogyny?
