OUT OF THIS WORLD: AFROFUTURIST EXPRESSIONS ACROSS SCIENCE, ART, TECH, AND DESIGN

determine the de... they inevitable: "ACEs can be prevented... concrete steps can be taken to help children, families and communities heal from their effects. Intervening... resilience in individuals, and building resilient communities are key to mitigating the impacts of childhood trauma." The... to build statewide capacity across state... agencies, and communities to address the re...

When I saw... mentioned "racialized violence, institutionalized racism, and... supremacy" as sites of intervention, I thought, *Word. OK, maybe this isn't another exercise in pathologizing the victims of unjust systems.* It's still too early to tell where those implementing this plan will focus. And I also wonder whether a state initiative focused on resilience can ever fully reckon with the state's central role—via police... the "family regulation system" that requires so much resilience unless the most aff... interventions. *One tweak to the statu... rhetoric that begin*

JANUARY 25-26, 2023
